

JOIN US TO BRING CONNECTIVITY TO OUR YOUTH

Millions of kids rely on public Wi-Fi to keep learning outside of school. UScellular® is partnering with nonprofit organizations to connect youth to reliable internet access to complete homework and continue learning through *After School Access Project*.

As a nonprofit, you can join us in closing the connectivity gap for youth by applying for **free mobile hotspots and service**. UScellular is committing up to **\$13 million** in free mobile hotspots and service to help up to **50,000** youth get connected.

Become part of *After School Access Project* by meeting the following criteria:

- Certified 501c3 nonprofit organization
- Focused on youth in K-12th grades
- Operate within UScellular's markets
- Are not a school or government entity
